

## **Board Plans to Table Budget Vote**

On Behalf of the Board of Directors:

We want to thank everyone who has attended a town hall meeting, provided suggestions, and who has stepped in to work with us as we move our District forward. We appreciate the encouragement of so many who have provided offers of assistance and who have positively engaged in this process. Thank you all. As those who have been to Town Hall Meetings have heard, over a year ago, the Board established a legislative committee and has been actively working to engage with our legislators as we work to move the District forward. Last week, that committee went to Harrisburg to meet with legislators who reached out to us in support of the good work that has been occurring. We are pleased to say that our Senators have stood beside us, and our community, in recognizing the need for emergency funding that would reduce the financial burden on our residents while maintaining the high standard of education for our students. The Board is now looking forward to meetings with our State Representatives and hopes to enlist their assistance in this process. As a result, the Board plans to table the vote on the budget at the May 29, 2018 meeting. The official motion to table the vote will occur at the May 29, 2018 meeting.

**\*\*\* Procedurally, the vote will be added to the agenda, but the Board plans to make an official vote to table the motion at the meeting. We did not want people to be confused when the vote appears on the agenda.\*\*\***
